Re: Mr. Keone Manoa

This letter is to inform you that Mr. Keone Manoa has asked to be enrolled as a resident of the Salvation Army Adult Rehabilitation Center in Honolulu, Hi. After reviewing his assessment paperwork, and his medical release, we feel that he is appropriate, and I have decided to welcome him to our program, but due to the bed availability at our center, we ask that you contact us before sending him, or please feel free to call me to schedule a time for me to pick him up. (From OCCC only). If you should decide to grant a supervised release to ARC. I currently have beds available.

During his stay here, he will be involved in substance abuse classes, AA and NA meetings, group and individual counseling, as well as work therapy, recreation, and spiritual meetings. Our staff endeavors to provide a balanced 6-month (180-day) residential social-model program. He will not be able to leave the Salvation Army ARC until he completes his restriction. He will be on a 30-day restriction.

We maintain a clean and sober living environment and random drug test each resident at least once a month and randomly during the month.

If I may be of further assistance, please feel free to call me.
